Dear Mr Ashton,

The assessment of your safecontractor application has now been completed, and we are pleased to confirm your accreditation to safecontractor. Congratulations on achieving this Award.

We have enclosed your safecontractor Certificate, which details the extent of your accreditation. The certificate can be used to demonstrate to clients the high standard of health and safety you have attained, and to reduce the burden of completing future prequalification questionnaires.

Please note that the safecontractor sticker enclosed is an example, further sticker requests can be processed upon order at sc.enquiries@safecontractor.com

An email confirmation has also been sent with further information regarding your membership now that you have gained an accredited status.

If you require any further assistance, please call us on 02920 266749.

Yours Sincerely

Safecontractor Membership Services Team

How does it work?

Members simply log into their accreditation portal and choose the questionnaire(s) of their choice from their available upgrades. Once purchased, at a cost of £30+VAT per questionnaire, the access to complete becomes instantly available.

Concise and easy to complete, there are no right or wrong answers. Simply answer the questions and upload your supporting information.

Those members who already have existing environmental and quality standards such as ISO 14001 or 9001 will only be required to answer a few simple questions. Allowing you to demonstrate your environmental and quality standards to Safecontractor clients with ease.

Once attributed, the relevant Safecontractorplus icons will appear against your company name, demonstrating to Safecontractor clients your ethical and sustainable business practices.

The questionnaires are all self-certify, meaning your answers are not assessed by an auditor however, your information will be viewed by your Safecontractor client, who will get in touch for more information.

Benefits:

- ✓ **Stand out from the crowd and gain competitive advantage** as more and more Safecontractor clients are looking at the environmental and ethical practices of our contractor members
- ✓ **Appear in client searches** for Environmental, Quality and Equality and Diversity credentials
- ✓ **Provide your customers with reassurance** that you are taking the necessary actions to protect their brand and not put them at risk
- ✓ **Demonstrate responsible and ethical business practices** across health, safety, environmental, quality and equality legislation and standards
